

**Product Name: *Coriolus versicolor***

Available as Full Spectrum MycoProduct™ and Concentrated 8:1 and 16:1 purified & standardized extract

Now Available in Nano Formulation !

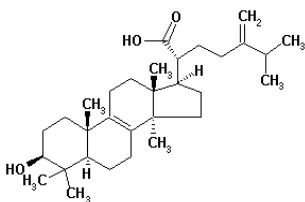

***NanoTrametes™***

U.S. and International Patents Protection

***Coriolus versicolor***, also known by the name ***Trametes Versicolor*** and known by its common names Yun Zhi and Turkey Tails. It is a well known and widely studied medicinal mushrooms and is the raw material source of the most widely used anticancer medicines in the world, PSK and PSP. In Asia, nearly every patient undergoing treatment for serious illness is given *Coriolus versicolor* as an adjunct to any other therapy they may be on. It is known to increase strength and appetite, and to reduce recovery time, whatever the illness.

- Guaranteed 100% DNA Certified through Independent testing to be authentic *Coriolus versicolor*, not some “Closely Related” species as with some other brands !
- Guaranteed 100% USDA Certified Organic !
- Guaranteed 100% Vegetarian – Grown under Strict Laboratory Conditions !
- Guaranteed to be derived directly from native Japanese strains.
- Guaranteed to be 100% American Grown in FDA registered biotech facility !

**”Guaranteed Authentic” *Coriolus versicolor* – Now grown in America !**  
**Full Spectrum Mycoproduct and various extracts available**

**Product Name: *Coriolus versicolor***

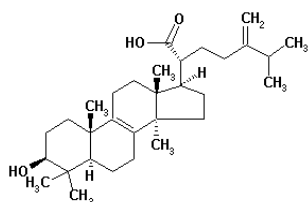

ITEM	SPECIFICATION	TEST METHOD
<b>Identification</b>	Match NIH - NCBI Genebank data	Genetic Testing through DNA BLAST
<b>Purity Tests</b>		
Total Plate Count:	< 1000 cfu / gram	Heavy Metals analyzed by a Perkin-Elmer HPLC apparatus using the technique called TotalQuant II
Yeast and Mold:	< 25 cfu / gram	Polysaccharides analyzed by modified Megazyme test method for 1,3-1,6 beta glucans and other polysaccharides
Total Coliform Bacteria:	Negative	Other tests performed as Standard methods of analysis for Hygienic Chemists
E. coli	Negative	
Salmonella:	Negative	
Staph Aureus:	Negative	
Pseudomonas:	Negative	
Heavy Metals:	< 10 ppm	
Total Polysaccharide Content:	> 35 %	
<b>Loss on Drying</b>	not more than 7.0 %	10 grams 105 degrees C for 1 hr
<b>Ash</b>	Not more than 1.0 %	Standard methods of analysis for Hygienic Chemists
<b>Appearance</b>	Granular powder, beige in color	Visual
<b>Odor</b>	Characteristics	Subjective bioassay
<b>Other Ingredients</b>	none	-
<b>Particle Grind Size</b>	From one nano meter up to 80 mesh	As specified by customer

**Typical Uses for Coriolus:**

- Used alone or as a component in Immune Enhancing Formula
- Used in soluble form as an additive for health drinks
- Popular as an ingredient in general health formulas
- Used in blood sugar maintenance formulas

**Up until now, most Coriolus came from China. Now you can source your Coriolus from the Largest, Most Reliable American supplier!**

**If you need 1 Kilogram or 100 tons, We are your stocking source !**
