

Product Name: *Pure Cordyceps Super*™

Full Spectrum MycoProduct - Concentrated 16:1 purified and micronized extract - Special Low Taste / Low Odor extract ideal for drink application or high potency supplements

**Pure de-flavored Cordyceps for Drinks
62% soluble – 38% nano particle size**

Protected by U.S. and International Patents

Throughout history *Cordyceps sinensis* has been the single most expensive medicinal raw material in the world! Now that has changed. Aloha Medicinals Inc. has perfected the biotechnology allowing Cordyceps cultivation in the laboratory. DNA Certified Authentic Cordyceps is available only from Aloha Medicinals, the world's largest producer of Cordyceps sinensis, now at a price everyone can afford. In its wild habitat this medicinal mushroom is found only in the Himalayan Mountains above 14,000 feet (4200 meters) elevation! After many years of research, Aloha Medicinals is the first company in the world to perfect growing Cordyceps in artificial cultivation. In fact, Aloha Medicinals is widely recognized today as the world's leading expert in cultivating Cordyceps, as proven by the choice of Aloha Medicinals as the authors of the "Cordyceps" chapter for the *Encyclopedia of Dietary Supplements* - the standard reference used by regulatory agencies worldwide. Aloha Medicinals also wrote the analytical protocols and standards for the analysis and verification of Cordyceps, as published in the *International Journal of Medicinal Mushrooms*, spring 2004 edition. There is no higher quality or more consistent Cordyceps available anywhere! World's Most Potent & Guaranteed!

Aloha Medicinals Cordyceps is the only Bio-Identical Cordyceps grown in a patented low oxygen, low temperature environment - just like in nature! And Aloha Medicinals is the only Cordyceps that is "DNA Certified Authentic" through independent third-party DNA testing and Verified through the USA National Institute of Health genebank.

Guaranteed 100% DNA-Certified through Independent testing to be authentic Cordyceps, not some "Closely Related" species as may be found with other brands !

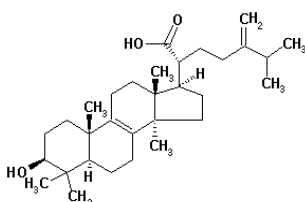

Guaranteed 100% USDA Certified Organic by Quality Assurance International & the world's largest and most prestigious organic certifier!

Guaranteed 100% Vegetarian & No Insect Residue is used in cultivation - as is common practice in China !

Guaranteed the Most Potent Cordyceps Available Today & at least 5 times greater potency than Wild Collected Cordyceps !

Guaranteed 100% American Grown in FDA and GMP Certified biotech facility !

**Simply the Best Cordyceps Available Today ! Guaranteed !
Full Spectrum Mycoproduct and various extracts available**

Product Name: *Pure Cordyceps*

ITEM	SPECIFICATION	TEST METHOD
Identification	Match NIH - NCBI Genebank data	Genetic Testing through DNA BLAST
Purity Tests		Cordycepin and nucleoside analysis performed by HPLC method of Furuya, et.al. <i>Studies On The Metabolites Of Higher Fungi</i> published in <i>Phytochemistry</i> 22 (11): 2509-2512 1983;
Total Plate Count:	< 1000 cfu / gram	
Yeast and Mold:	< 25 cfu / gram	
Total Coliform Bacteria:	Negative	
E. coli	Negative	
Salmonella:	Negative	
Staph Aureus:	Negative	
Pseudomonas:	Negative	
Heavy Metals:	< 5 ppm total	Heavy Metals analyzed by a Perkin-Elmer HPLC apparatus using the technique - TotalQuant II
Total Polysaccharide Content:	> 40.0 %	
Total HEAA / Nucleoside content	> .60 %	Other tests performed as <i>Standard Methods of Analysis for Hygienic Chemists</i>
Cordycepin	> 0 .30%	
Adenosine	> 0 .10%	
Loss on Drying	not more than 7.0 %	10 grams 105 degrees C for 1 hr
Ash	Not more than 1.0 %	Standard methods of analysis for Hygienic Chemists
Appearance	Granular powder, beige in color	Visual
Odor	Low Oder Signature	Subjective bioassay
Taste	Low Taste Signature	Subjective bioassay
Other Ingredients	None <i>ó</i> 100% Pure Cordyceps sinensis	-
Particle Grind Size	From nano size 40 micron maximum	As specified by customer

Pure Cordyceps Super™ is a super high potency, 100% pure Cordyceps sinensis that has been specially processed to ensure a low taste and odor signature for use in taste sensitive drinks and high potency supplements.
